MASTHEAD

This Agreement is entered into this 1st day of *July, 2001*, by and between the International Brotherhood of Electrical Workers Local Unions Nos. 6, 100, 180, 234, 302, 332, 340, 551, 595, and 617, hereinafter called the "*Union*"; and the signatory Chapters of the National Electrical Contractors Association on behalf of their members who employ *workers* under the terms and conditions contained herein and have signed a Letter of Assent to be bound hereunder for the period set forth below, hereinafter called the "*Employer*". The conditions herein shall be binding on the Union Signatory Chapters of the N.E.C.A. and each individual Employer party hereto or their lessee, successors or assigns for the full term hereof.

GENERAL PURPOSE

The general purpose of this Agreement is to set forth the hours of work, rates of pay, and general conditions of employment of employees of the Employer represented by the Union, which are to be observed; to provide orderly and harmonious procedures between the parties; and to secure proper and fair disposition of grievances. It is the further purpose of this Agreement to prevent interruption of work and promote the efficient operation of business.

SCOPE OF WORK

The scope and classification of work to be performed by employees covered by this Agreement shall include: the cleaning of all types of lighting fixtures; replacement of lamps, tubes, starters, lenses; cleaning of luminous ceilings and all types of diffused area and ceiling lighting; the installation of reflectors and approved pre-manufactured fixture harnesses containing only secondary ballast wiring between luminaries. Lighting ballasts may be changed under the provision provided in Article VII, Section 8 and 9 of this agreement.

This Agreement does not include the installation or removal of lighting fixtures or any other work that would infringe the scope of work already established through agreements with any I.B.E.W. Local Union in any branch of the trade.
